EXHIBIT B

MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE

N.J.S.A. 10:5-31 et seq. (P.L.1975, c.127)

N.J.A.C.17:27 - 1.1 et seq.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card

2 employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or
3 subcontractor agrees that a good faith effort shall include compliance with the following
4 procedures:

5
6 (A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a
7 construction trade, the contractor or subcontractor shall, within three business days of the
8 contract award, seek assurances from the union that it will cooperate with the contractor or
9 subcontractor as it fulfills its affirmative action obligations under this contract and in
10 accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq.,
11 as supplemented and amended from time to time and the Americans with Disabilities Act. If
12 the contractor or subcontractor is unable to obtain said assurances from the construction trade
13 union at least five business days prior to the commencement of construction work, the
14 contractor or subcontractor agrees to afford equal employment opportunities minority and
15 women workers directly, consistent with this chapter. If the contractor's or subcontractor's
16 prior experience with a construction trade union, regardless of whether the union has
17 provided said assurances, indicates a significant possibility that the trade union will not refer
18 sufficient minority and women workers consistent with affording equal employment
19 opportunities as specified in this chapter, the contractor or subcontractor agrees to be
20 prepared to provide such opportunities to minority and women workers directly, consistent
21 with this chapter, by complying with the hiring or scheduling procedures prescribed under
22 (B) below; and the contractor or subcontractor further agrees to take said action immediately
23 if it determines that the union is not referring minority and women workers consistent with
24 the equal employment opportunity goals set forth in this chapter.

25
26 (B) If good faith efforts to meet targeted employment goals have not or cannot be met for each
27 construction trade by adhering to the procedures of (A) above, or if the contractor does not
28 have a referral agreement or arrangement with a union for a construction trade, the contractor
29 or subcontractor agrees to take the following actions:

- 30
31 (1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO
32 Monitoring Program, and minority and women referral organizations listed by the
33 Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of
34 minority and women workers;
- 35 (2) To notify any minority and women workers who have been listed with it as awaiting
36 available vacancies;
- 37 (3) Prior to commencement of work, to request that the local construction trade union refer
38 minority and women workers to fill job openings, provided the contractor or
39 subcontractor has a referral agreement or arrangement with a union for the construction
40 trade;
- 41 (4) To leave standing requests for additional referral to minority and women workers with
42 the local construction trade union, provided the contractor or subcontractor has a referral
43 agreement or arrangement with a union for the construction trade, the State Training and
44 Employment Service and other approved referral sources in the area;
- 45 (5) If it is necessary to lay off some of the workers in a given trade on the construction site,
46 layoffs shall be conducted in compliance with the equal employment opportunity and
47 nondiscrimination standards set forth in this regulation, as well as with applicable
48 Federal and State court decisions;
- 49 (6) To adhere to the following procedure when minority and women workers apply or are
50 referred to the contractor or subcontractor:

- (i) The contactor or subcontractor shall interview the referred minority or women worker.
 - (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.
 - (iii) The name of any interested women or minority individual shall be maintained on a waiting list and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.
 - (iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.
- (7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or

1 subcontractor agrees that, in implementing the procedures of (B) above, it shall, where
2 applicable, employ minority and women workers residing within the geographical
3 jurisdiction of the union.
4

5 After notification of award, but prior to signing a construction contract, the contractor shall
6 submit to the public agency compliance officer and the Dept. of LWD, Construction EEO
7 Monitoring Program an initial project workforce report (Form AA-201) electronically provided
8 to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its
9 website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-
10 7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a
11 month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO
12 Monitoring Program, and to the public agency compliance officer.
13

14 The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is
15 necessary, for on-the-job and/or off-the job programs for outreach and training of minorities and
16 women.
17

18 (D) The contractor and its subcontractors shall furnish such reports or other documents to the
19 Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of
20 LWD, Construction EEO Monitoring Program from time to time in order to carry out the
21 purposes of these regulations, and public agencies shall furnish such information as may be
